PV International School, March 2026

We believe the best way of Early Childhood Education should be PV International School

PV International

P1 Class This month the kids started practicing for graduation. They're all very excited to go to elementary school. We also studied about parts of speech and continued reading. -Sarina

P2 Class Students practiced words for places like home, museum, store, etc. They learned telling time in English. They also made lots of festive crafts to celebrate Valentine's Day and traditional Japanese Setsubun in February. -Vickie

V class kids learnt 2 letter words and practiced more on numbers, shapes and patterns. Made lots of letter crafts for them to recognize with pictures and enjoyed mental activities like puzzles and missing pictures. -Tana

I Class This month, I Class continues to learn new letters of the alphabet and practice their knowledge of words by learning how to spell them and by flashcards! They also practice lots of pattern recognition, counting, matching, and sorting! -Susana
